Your cooperation is needed to distribute Flood Assistance Program information in your local affected areas. The Employment Development Department (EDD) has assembled information packets that are intended specifically for distribution into the areas of your counties who may not have had the means by which to obtain assistance information due to the devastation and subsequent effects.

The information packets to be distributed will be delivered (if they haven't already) to your Service Delivery Area (SDA) by the local EDD field office staff. Dissemination of the information packets should be done by whatever means is the most appropriate for each SDA. Please work in partnership to make this outreach effort a success that will benefit your surrounding communities.

Please refer any questions regarding this matter to Luis Hermosillo at (916) 654-5416 or Laine Hendra-Aldrich at (916) 654-5595.
